Things to keep in mind:

- Patience is a must when dealing with international destinations, communications can be slow.
- Many details regarding the ceremony and reception will be made when you arrive at the resort.
- When traveling there will be many things out of your control, such as flight delays, weather, other guests at your resort.
- Get everything in writing, save any communications with the resort or destination coordinator. If it is an international destination make sure the person you are working with clearly understands your request.
- Travel Insurance is very important when you consider medical, weather, and other things beyond your control.
